*{If 5 gallons or less, use the following statement}*

This pesticide is toxic to fish and aquatic organisms.

*{If over 5 gallons, use the following statement}*

This pesticide is toxic to fish and aquatic invertebrates and clams. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge System (NPDES), permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

{When distributed for use in the state of New York:} [In the State of New York: For Use Only in Containerized Waters with no Outflow to the Natural Environment.]

**BLUE WATER ALGAECIDE** is used to control growth of algae in decorative fountains, exterior spas, whirlpools, hot tubs, ornamental ponds, and swimming pools. For maximum effectiveness decorative fountains, spas, whirlpools, hot tubs, ponds, and pools containing heavy growth of algae must be shocked and cleaned prior to using this product.

BLUE WATER ALGAECIDE is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. This product can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products.

### DECORATIVE FOUNTAINS, SPAS, WHIRLPOOLS, HOT TUBS and PONDS:

**Initial Treatment:** To treat for visible algae growth, apply 2 to 4 fluid ounces per 1,000 gallons of water [1 to 2 fluid ounces per 500 gallons of water] [ $\frac{1}{2}$  to 1 fluid ounce per 250 gallons of water]. For treatment of a freshly cleaned and filled decorative fountain, spa, whirlpool, hot tub or pond, add 1 to 2 fluid ounces per 1,000 gallons of water [ $\frac{1}{2}$  to 1 fluid ounce per 500 gallons of water][ $\frac{1}{4}$  to  $\frac{1}{2}$  fluid ounce per 250 gallons of water].

**Maintenance Dosage:** Subsequent additions of  $\frac{1}{2}$  to  $\frac{3}{4}$  fluid ounces per 1,000 gallons of water must be made every 5 to 7 days after initial treatment.

### SWIMMING POOLS:

**Initial Treatment:** To treat for visible algae growth, apply 24 to 37 fluid ounces per 10,000 gallons of water and remove settled algae. For treatment of freshly cleaned and filled pools add 13 to 24 fluid ounces per 10,000 gallons of water.

**Maintenance Dosage:** Subsequent additions of 4 to 8 fluid ounces per 10,000 gallons of water must be made every 5 to 7 days after initial treatment.

{Optional winter and off-season directions for use for swimming pools}

### [WINTERIZING DIRECTIONS:

BLUE WATER ALGAECIDE will prevent growth of most algae during the off-season winter months when pools are not in use. For pools which have been properly treated during the swimming season and are free of visible algae, add 12 to 20 fluid ounces of per 10,000 gallons of water. If at the end of swimming season pools have some visible algae growth, add 24 to 34 fluid ounces per 10,000 gallons. For maximum effectiveness, it is necessary to achieve a uniform distribution of algaecide throughout the water and the pool. If pool is not covered, it may be necessary to repeat the treatment during the season.]

**STORAGE AND DISPOSAL:**

{Residential}

**[PESTICIDE STORAGE:** Store in original, closed container, in an area inaccessible to children and persons unfamiliar with its use.

**PESTICIDE DISPOSAL:** If partly filled – Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

**CONTAINER DISPOSAL:** If empty – Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.]

{Nonresidential}

[Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Keep container closed when not in use. Store in an area inaccessible to children and persons unfamiliar with its use. Leaking or damaged containers must be placed in a plastic bag and discarded in the trash. Mop up spills with clear water.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Offer for recycling or reconditioning if available. If not, puncture and dispose of container in a sanitary landfill.]
